A southern hunter has one need a northern hunter might not ever consider—protection from snake bites. That's why we put SnakeGuard Extreme material over these 17" size-zip boots to make you snake-proof. The Z-Trac slip-resistant rubber outsole with gripping pad and rugged lug provide superior traction. The EVA/polyurethane cushion midsole absorbs the shock of every step so you can hunt all day without fatigue. Cradle your foot in comfort with the removable dual-density polyurethane footbed.
